Trackless Train

All aboard! Our train can be used by children and adults, and can ride on either grass or concrete (must be flat surface), making it an ideal attraction for any carnival, fair, or other special event. Includes fiberglass train engine, 3 coaches for seating up to 18 passengers, and 1 conductor (driver). Great for ages 4 & up.

Pirates Revenge

You'd better have your sea legs ready before you climb aboard the Pirate's Revenge - one of our newest mechanical rides. Up to 12 kids and adults can ride with their friends in this pendulum swinging carnival ride. Popular at many fairs and amusement parks, the pirate ship consists of an open-seated gondola which swings back and forth, subjecting the rider to various levels of angular momentum. The height of the ship's swinging is controlled by our operator, so the ride can be geared toward the little ones or pushed higher for older kids and adults. Includes ride, safety fencing, and 1 attendant. Requires electricity (230 volt, 30 amps). 20' x 7' trailer must be driven to site; approx. 18'l x 24'w x 18'h space required for operation. Great for ages 5 & up.

Disco Car Ride

Get ready for the ride of your life in this popular amusement park ride. Up to 8 kids/6 adult riders sit in a swinging, spinning pendulum. The ride is equipped with lights and music to add to the festive atmosphere. The motion of the car is pre-programmed (not controlled by our operator), but is geared toward young kids and adults. Includes ride, safety fencing, and 1 attendant. Requires electricity (230 volt, 30 amps). 25' x 9' trailer must be driven to site; approx. 18'l x 16'w x 13'h space required for operation. Great for ages 5 & up.

Royal Express Jr. Trackless Train

An electric powered, trackless train that is capable of being run indoors (only requires access through a 36” doorway) or other places where our gas-powered Trackless Train cannot. Includes fiberglass train engine, 4 coaches for seating up to 16 passengers, and 1 conductor (driver). Requires flat surface and area away from foot and car traffic, 14 foot turning radius. Great for ages 4 & up.
Let’s make your event the Talk of the Town!

Having a fun and successful event is amazingly easy, and the #1 factor in success is planning. Fortunately, Talk of the Town has an entire staff of experts ready to help you – just call 301-738-9500 and let us help you with all the details.

SITE VISITS: We are happy to meet with you at our office, the event site, or another location to help you plan your event. A fee may be charged for pre-event site visits. Partial cost of a pre-event site visit may be credited back to the customer if an event is booked with our company.

RESERVATIONS: We recommend that you book equipment well in advance of your event date. This will ensure equipment and supplies will be available for your event. A deposit may be required to hold equipment.

DEPOSITS: Deposits are not refundable. A deposit of 50% is due when the contract is signed. The remaining balance is due on the day of event (or at the time equipment is given to the client, if earlier than the event date).

METHODS OF PAYMENT: We accept cash, check, VISA, Mastercard and American Express.

CANCELLATIONS: If an event is cancelled prior to the event date, there may be fees charged due to costs incurred by Talk of the Town in conjunction with the preparation of the event. Any remaining deposits will be held indefinitely for another event date.

RAIN DATES: If a client wishes to hold specific equipment for 2 separate event dates (original event and contingent rain date) the client must pay an additional, non-refundable amount equal to 50% of the contracted fee. This rain date fee is not refundable if the event happens on the original event date and the fee may not be used as a credit toward future events. Otherwise, rescheduling the event will be subject to availability of the desired equipment and/or services for the new event date.

DELIVERIES: Delivery charges are based on distance, location, and ease of access. Additional charges may be added for stairs, early set-ups, late breakdowns, late-night deliveries, Sunday deliveries, deliveries outside the Baltimore-Washington metro area or contracts with total fees below $300.

ELECTRICAL NEEDS: Many of the products and services listed in this catalog require electricity. We do supply electrical cords with all rentals, and units must be used within 50 feet of any outlet to insure against loss of electrical current and damage. Generators may be rented to supply necessary electricity.

DRUG & ALCOHOL FREE WORKPLACE: Talk of the Town is committed to providing a safe environment for our staff, customers, and guests. All job applicants are subject to screening and staff are subject to testing to ensure no one reports to work under the influence of illegal drugs or alcohol.

EVENT SUPERVISORS: We recommend hiring at least 1 event supervisor for every 5 event staff booked on your event. Event supervisors are valuable in assisting your guests and/or volunteers with any questions or troubleshooting issues, as well as giving our staff breaks throughout the day.

FOOD FOR STAFF: Meals are not expected, but greatly appreciated. An average 4-hour event requires the majority of staff assigned to an event to work over 8 hours. Please consider having food and drinks for our staff. It is our policy not to eat while attending equipment and, if given the opportunity, to eat away from guests’ view.

VOLUNTEER ASSISTANCE: Many activities in our inventory are easy to supervise and volunteers may be utilized. Talk of the Town understands that clients may wish to utilize their own staff, family, and/or friends (Volunteers) instead of hiring Talk of the Town staff (Attendents) to operate certain games or entertainment items, in order to save money and/or interact with their guests. Please keep these policies in mind:

• Volunteers asked to supervise inflatable games, casino games, and arcade games must be at least 18 years of age. Volunteers asked to operate food machines and/or carnival games should be at least 16 years of age.

• Volunteers must have training, and be willing to sign documentation regarding the training, prior to operating equipment.

• If any equipment is left unattended at any time, Talk of the Town has the authority to close the activity until a volunteer is present, at which time the activity may re-open.

GRATUITIES: Gratuities are not included as part of the bill. Our staff works hard and tries to help everyone have a safe and enjoyable experience at your event. When you receive good service, please consider expressing your appreciation, either by offering a monetary gratuity as part of your final payment or by sending a written commendation to our office. Thank you!
About Talk of the Town

Talk of the Town is an amusement rental and special events company, providing interactive games and entertainment for corporate and social events. We make events more enjoyable and more memorable for our clients.

Our Mission: Talk of the Town is the number one source for reliable and innovative entertainment and special event services. We accomplish this by setting high standards in safety, service, reliability, and fun.

Vision: Talk of the Town strives to set the standard for special events being held in the Washington, DC metropolitan area.

Safety: All our staff members receive extensive training and our supervisors also receive state certifications. We place high importance on equipment maintenance throughout the year, as well as inspecting our equipment prior to each event. In addition, we register all public events for inspection by the state.

Fun: We strive to create fun events and lasting memories through our energetic and enthusiastic staff, and interactive activities and equipment.

Hiring and Training: We recognize that our staff plays a huge role in making your event safe and memorable. We have a selective hiring process, including a multi-tier interview process, background checks, and drug testing. All new hires complete a safety certification course and participate in ongoing training to ensure that we provide you with the best staff possible.

Innovation and Individuality: We recognize that your event should be as individual as you are. Talk of the Town makes every effort to custom tailor our activities to your budget, space, and guests. We continuously strive to bring new and innovative games, equipment, and ideas to the market.

Community Involvement: Talk of the Town prides itself in community involvement through fundraisers and other community-wide events. Through discounts, donations, and partnerships, Talk of the Town values its long standing relationships with many not-for-profit and charitable organizations.

LED Casino Tables
Set your party apart from traditional (green-felt) casino tables or create a “High Rollers” special section at your next casino event. Tables can be set to most colors (most popular are blue, red, pink, green). Available table games: Black Jack, Texas Hold’Em Poker, Roulette and 8’ Craps.

Strolling Casino Tables
If you are having a hard time fitting enough tables in the room, don’t worry! Strolling black jack and poker tables save on space and create a fun, entertaining way to encourage guests to mix and mingle at your party.
